“ *I've only known Jim for the last few years but he made you feel like you'd been friends forever. He came to almost every show I played in Ohio and he shared his humor, insights and support to so many people like that - he was an unconditional music and people lover - it's amazing that some people are blessed with the ability to be a friend to so many others. I'm sorry we missed connecting the last time he was on the west coast but I will always remember the warm friendship, hanging out at Espresso Yourself, Java Central and other music spots. Jim will be missed and remembered. Bless you bro!*
