“ *I am so sorry to hear about John. I had the joy to work with him at Columbus State where he always made a point to stop to visit every day he worked; asking about my children and sharing the latest on his own family. Even on the toughest days, John could bring a smile to my face. He was very inclusive, many times making a point to travel and photograph things we both enjoyed just to share their discovery with me. I've been fortunate to receive a few of those prints as gifts. I will miss John's smile and his laughter, and am so glad I had the opportunity to learn from his optimism and determination. I am a better person for having known him.*

“ I am so sorry to hear this sad news. I came to know John thru Columbus State where he did a wonderful job of taking care of the black & white labs. He always had a smile on his face and a little joke to tell...and he was a very caring and thoughtful person. I will miss him.
