“ I worked with John for many many years in the Annuity IT department at Nationwide. He was overall pleasure to work with. He was very dedicated to his role and always went the extra mile on any effort he was a part of. He focused on being a change agent and making improvements even if that was not officially his to take on. It was not just about getting an assignment complete with high quality, he took the extra time to teach, show, and demo to his peers and his team. He took his career very seriously, but always shared a smile or story with his co-workers. He was the 'GO TO' person and everyone wanted to work with him! :) He will be greatly missed by all. Condolences to family and friends.
