“ *John was a classmate of mine for 12 years. I will always remember John as a spirited young man with always a smile on his face and a kind word for those around him. It is ironic, that as his classmates celebrated their 40th year of graduation the weekend of Nov.27th, John was ending his much too early time on this earth. As I read the many comments about John, it makes me proud to have known such a man of integrity, truth, loyalty, and full of love and compassion for mankind. He was truly a servant of God, fought the good fight, and has earned his reward. My condolences, love and prayers to John's wife, children and extended family. May your fond memories comfort you in the months and years ahead.*

“ I would like to express my deepest sympathy to the family and friends of Dr. John Reed. I have known John since his initial employment with Aetna in the 1990's and we were reacquainted when he returned to Aetna. John was great to work with in all capacities. His outstanding features were his easygoing spirit which makes a huge difference in the workplace. As is always the case, there were times when we had a difference of opinion. The great thing about John was that I felt I could speak openly and honestly about my opinions and never worry about reprisals. He would just move on to the next issue. John was a fair, honest and kind person and he will be greatly missed by me and many others.

“ I worked with Dr. Reed in Aetna's National Clinical Appeals Unit, and while I never had the chance to meet him face to face, I felt that I had. He always welcomed questions on complex cases, and offered guidance without hesitation. He will be fondly remembered by me as a doctor who cared deeply for our members and whose goal was to improve the health care system and promote the Aetna way. My prayers and condolences are with Dr. Reed and his loved ones. May God's loving arms embrace them during this time of grief.

“ As a colleague of John's for a number of years, I always felt completely at ease asking for assistance, or discussing an issue. John always had time for and paid attention to others around him, was never too busy to help. He exemplified to the utmost, not only professionalism and an impressive grasp of medical and business topics, but also true concern for those around him. He will be sorely missed.

“ Dear John, didn't think we would ever end our conversations. We have shared many thoughts, laughs and we even agreed to disagree on some issues over the past 8 years as my manager. I always enjoyed our talks which were insightful, honest and member focused. You shared your wisdom, patience and stayed true to your principals to do the right thing even in challenging situations. As I end our last conversation, I will always remember the impression you made and your words "It is what it is" You fought the hard fight and at end of your couragous battle on this earth, you have earned your rest. Rest in peace my friend My heartfelt condolences and prayers to the Reed Family

“ John always found time to answer our questions, listen to our issues, and meet with pretty much anyone we asked him to. He truly led by example and I am honored to have had the opportunity to work with him (Aetna). I will miss his ability to "cut through the crap" and get to the issue at hand. May he rest in peace and his family take comfort in knowing he really made a difference in the lives of those he worked with.

“ John was my boss at Aetna, but also a friend for over a decade and a colleague I respected a lot. He was wonderful to work with and for, always a team player and looking for the best in people, while trying to improve the quality of our health care system. Even in his sickness, he made time to help others and valued his friends. We grieve with you, Anita, and family. He has such a rough year and died much too young, but will find peace in heaven. Our prayers and condolences are with John and his loved ones.
