“ *Our family has known Joe for 33 years. From working together on the Miami-Erie Canal project in western Ohio to all the years together on the Cemetery Advisory Board. Our children interviewed him for various school projects over the years. He was always so kind and patient with their young questions. He always had great stories and a twinkle in his eye. He will be greatly missed.*

“ *Joe and I met during the time I was one of the managers at Extra Space Storage. We began our friendship when he inquired about my Masonic ring. That led to Army conversations and then to many other wonderful talks. Even more chats when he discovered I lived in Vanlue as a kid. He knew of the farm and I recognized his home in Carey. Really a small world even though we had traveled miles in Masonic and military paths. May you as his family find comfort in these trying times being supported by a loving God and many friends. We all will miss Joe. Herman Poulton, CWO4, USAR (Ret.)*

“ *Our caring thoughts are extended to Joey's family. My most recent memory goes to the times when he would be back to Carey/Upper for a Lodge meeting and would stop for a short visit to see me at work, Schmidt Machine Co. in Lovell. It was always appreciated and a welcomed surprise. May you feel the comfort of God's amazing grace.*
