“ I have known Joe for about 15 years for the industry events. We saw each other at least 4 times a year and always talked football. He was so happy when he received his MBA from OSU since it raised his status in the football community from all those losing years at MSU. We had many beers and lots of fun. I always thought his was a bright guy and respected his ability to get down to the details when it involved looking out for our industry. Joe was a good man and he will be missed. Kyle Stavig
