“ *Patty: I am so sorry. I have such good memories from Worthington and his time at the bank...and yours too...and the tow truck (back when Dublin was still small!). Brad promised to hug you for me. Please know that the hug includes my love and prayers.*

“ *Dear dear Patty,
It breaks my heart to see Joe's obit. You and Joe have been together for a lifetime, and have shared life's ups and downs all this time. It must have been a sudden shock, since you seemed your regular self on Thursday at our lunch. I have you in my heart, Patty, and send you all my love at this painful and bewildering time.*

*Much love,
