“ Dear Bill and Julie's family ,

I just got to know Julie in last year or so , when she worked with Bill and I at our Apex practice . I would describe her as such a warm person, willing to extend her self . And now I think of all of the hundreds of people she gave to over her time as a social worker -- all of the different ways she supported people when they needed it the very most , sharing what she worked so hard to learn .

You as her family will never know all those people , all the people who remember her for that warmth and what it did for them..

But I hope you hold that in your heart along with how much you will miss her.

“ *Bill and your family,
I'm so sorry to learn of this tremendous loss for you all. Although I never met Julie, having some history with working with you, Bill, and Julie being a social worker and degreed from OSU makes me feel a kindred spirit to her.*

I always appreciated you and your sense of self and humor, and now I realize that sometimes we are helped along by our partners, and this was likely true for you both as well. Like others, I do hope that your fond and loving memories carry you through this time and, eventually, bring a smile to your face and heart for what you shared.

In great sympathy for you all at this difficult time, Michel

“ *Dear Bill and family,
I'm thinking of you at this time and praying for you as you try to cope with the loss of your sweet Julie. She was a great friend to me and I was so glad she was one of the bridesmaids in my wedding. I also remember the fun we had hanging out in our apartments in the Grandview area when we were single. She also helped me take my oldest daughter to her first Gallery Hop in the Short North, when she was just 3 months old! We had some good adventures together and I truly appreciated her friendship and how we kept in touch over the years. And, I know she touched the lives of many others. May God bless you with His comfort!*

*Sincerely,
Mary(Marolf) Bosworth*

“ Having known Bill for many years and Julie recently, I was--and continue to be--touched by the radiant joy between them and glow of their mutual love. I embrace Bill, their families and friends through my bereavement over her passing and join their sadness over the sudden loss of her presence/impact within/beyond their corners of the world. Yet I am comforted by the unforgettable quality of their endearment to each other that will never die.
