“ *This is a very, upsetting moment. I went to GOODWILL/ CORC, back in 87. She was a data entry teacher. She taught me about life and happiness as well as data entry. Always laughing and the biggest smile. I got to meet Mike and Sean, both perfect gentlemen. I am very heartbroken. PRAYERS for the loss of this beautiful woman.*

I always remember after school spending time at her house until my parents got home. Karen was such a bright light in this world. I am sure her family and friends will miss her tremendously. I send my hopes that all will cherish their memories of her! Genia Stout Koontz
