“ *Kathy was a true lady, good friend and travel buddy. We had many wonderful trips from Vegas to the Greek Isles. She was the one person I turned to knowing the advice she would give would be the most thought out and best advice.*

*Both Bob and I will miss her caring ways. Rest easy Kathy, love,  
Carolyn*

*Kathy was one of the nicest, smartest and classiest people ever. We met through our employment at JCPenney Insurance Co. and we formed a special bond when we realized we both had a connection to the Marvin family. Kathy through marriage and mine through friendship. Kathy held a deserved executive position when Insurance companies were primarily being run by men. She was highly respected by her peers, both male and female. I extend my sincere condolences to her entire family, her friends and everyone who loves Kathy.*

“ I am so sorry for your family at this time.

*I go back about 60 years with Kathy. My father, Bud Wachholz, and her first husband Bobby go back to the late 50's- early 60's with racing in the Central Ohio area. My mother, Frances, my sister Janet, Kathy, little Bobby and I would sit together in the stands watching the racing for years.*

*Then the horrible day in Langhorne, PA. My parents stayed in touch with Kathy for a number of years. She was a wonderful person.*

*RIP Kathy ❤️. Karen Wachholz Gallien*
