“ *Sending thoughts and prayers to Larry's family....he was truly one of a kind, a stand out kind of guy. In my 34 years in the trade I have never met such a finer man to work for than Larry.....he truly will be missed.*

“ *All of the deepest to all of Larry's entire family. Having had the privilege to meet and work for Larry, please know that in 27 years of employment he was the first I had met who provided a true dignified atmosphere to be a part of. Sure this comes as no surprise to those that were closest. Thoughts and prayers...*

“ My deepest condolences to Larry's family. So many memories...beginning with playing softball with Larry at age 7 behind the South Street school. Larry was one of the nicest people I have ever known, and I am personally saddened by his passing.

“ Larry was a very solid good friend as we grew up together in Vermilion. He had a warm caring personality which I am sure is reflected in his children. He fit well into the category of "nicest guy in the world". John Siebert

“ Dear Judith and Family, Sending deepest condolences for your loss. Although I was a year behind Larry at Vermilion High School, he was a friend to all students. Even at this young age, Larry was known to be a caring person who enjoyed helping others. May God's arms be wrapped around you and your family providing support and comfort. “ We were surprised and saddened at Larry's passing. Mike has rehearsed many fond memories of past experiences and stories. Larry had shared memories of his formative years of working on the dock by the lake with his dad.

“ Dear Judith and Family, I was so sorry to hear about Larry's death! I just saw him in Sept at the reunion and was surprised and shocked to know how ill he had been. He was a year ahead of me at Vermilion High School and I always thought highly of him. He was the epitome of a gentleman! I do not know what you believe but I like to think that we will see those we love again some day and they will be healthy and happy. In the meantime he will be watching over you all and following your progress as you move ahead with whatever it is that are your destinies. I live in Columbus and would love to know if/when you have a service in his memory. You are in my thoughts. Buzzy
