“Lil was a dear friend and co-worker. I can remember when Donna and Doug were young and Lil would go home from work and make dinner for you both and then type dissertations for extra funds. These could be around a thousand pages and no computers at the time. Your Mom will be missed, a good friend all these years. Sherry Flannery

“So many fond memories of spending a week in the summer and occasionally after Christmas with my Aunt Lil and Donna and Doug. She was a wonderful lady. Looking back now, as an adult, it's amazing that she single handedly made everything seem so perfect. It must have been tough though, in the 60s and 70s, to juggle a career and family by herself and still make a nephew feel like hanging out in Grandview with all of them, was absolutely magical!

*She is and will be missed....*

“Though she departs from our midst, her spirit ascends to join the cosmic dance of stars, a shimmering constellation of memories that will forever grace the night sky of the hearts of those who loved her. Though she may no longer walk beside us, her legacy lives on — a testament to the enduring power of love to transcend the boundaries of time and space.”  
*I love you Mom. Rest in eternal peace. “Weety”*
