“ *Dear Ed and Family, As a high school student in the late 70's, I worked in the office at Brookhaven HS, at a desk next to your mother all four years of my high school education. We worked through the Blizzard of 78 and the energy crisis, and I treasured my time and friendship with your mother. On the passing of my grandfather, she gave me a rose peace rose bush to plant in his memory...a practice that I continue to this day when friends or loved ones lose a family member. Lois knew how much I loved Christmas, and one year for Christmas she gave me an antique wax angle tree topper that I have long treasured, and use every year on the top of one of my many, many trees. I recall her attending my graduation, and celebrating at my parent's home at the party afterward. I can tell you that I truly loved your mother, and I have wondered over the past 35 years how she was...and I remembered her fondly during that time. I never knew how to contact her. When I lost my own mother 8 years ago, I learned in a special way how much knowing how she touched others' lives was comforting. Your mother touched my life, and in my 30 years as a public school educator, I have often mentioned her and the impact she had on me. My most heart-felt sympathy to you all at this time of loss. If your mother's gentle smile and loving heart left such strong memories of hope and caring in my heart, I can only imagine how specially blessed you have been to have her as mother and friend. God's blessings to you all. Patrick Callaghan*
