“ I met Maggie on my paper route as a scrawny knucklehead kid in the 70's...
Her kind heart and infectious laugh was a Godsend while growing up, hanging out and being part of her family for a few years.
Thanks Maggie for many amazing memories of dinners, pizza, bowling alley trips, minibike/go cart support at the Armory, summer rides in the back of that Ol' blue Ford pick-up to the Lake/beach (which I need help recalling the name of), trying to keep me out of trouble, sharing the Holidays and so much more.
I was Blessed to have you as a part of my life...

My Prayers and condolences to the Family

“ I meant this beautiful ,caring ,wonderful women in June 1965. I have had the pleasure calling her mommy, mom for my whole life and she made it the best life that she could from taking care of me and loving me and making me clothes and wonderful meals and best of all teaching me how to cook and be the most loving person like her. I am really going to miss you I already do. I have wanted to pick up the phone several times and call you but in stand I just talk to you out loud. Please watch over all of us and please tell every one I say hello. When god's needs me or calls up on me I will see you again until then. I love you so very much. your daughter Barb
