“ Mima-my second mom. I remember fondly so many after school homework sessions at your home on Penney Avenue. Mima always had a snack ready with with her wonderful smile. Through the years we had fun at drive-in movies and just driving around chatting in the car. Peg was a wonderful "Mima" to Nicky Charoensuk, our senior year AFS student from Thailand continuing their warm relationship until Nicky's passing. I was fortunate that Mima and Sam moved out here to Phoenix allowing for an opportunity to know each other as adults. I'm so glad I saw her again last June 2018 at the time of our class of '68 50th reunion. She'll always be a shining light and point of love in my life. The hole in my heart is filled by her shining star in the heavens. 🙏💕😭
