“ *Margaret O. Schifter*

January 28, 2023 at 10:24 AM

“ *It is midnight on July 30 and I am missing my mother Margaret. Silence is hardest when no one is there listening. She was a very special person, hard to understand and not easy to take at times, like all of us. The world could use more understanding and patience. If you are reading this thank you for caring and thinking of Margaret. I feel alone in my family in missing her , that is the hardest to take.*
