“ *I was SO SAD to discover that my favorite teacher died and I was not informed. I had begun to wonder why I had not heard from her. She would call me periodically and say “it’s time for a visit”. I would join her at Wesley Glen. Last year was the first year I did not receive a Christmas card. I had an employee from Wesley Glen checking on her, but she was unable to locate her. It is because the Lord used her to inspire me to teach that I became a lifelong educator. She treated me as if I was her own child, buying me violins, inviting me (and a guest) to her home, even naming her daughter after me and much much. I have lost a very important part of my life.*
