“ *I just received news of Marge's passing and wish to still offer my condolences to the entire family she spoke so highly of - all of you in our sometimes very frequent visits by me to Kevin.*

She was a wonderfully warm person that I loved to chat with and catch up with for so many years now I cannot remember exactly. Probably as many as she worked with Kevin. My parents lived across the street at the corner of the alley and Orchard Drive and they also were friends with her for as many years.

She and Kevin kept an eye out for my folks for me as they aged and eventually passed as well as all the aged folks in the neighborhood that were their clients. Marge cared beyond her actual work - she cared about the people she served and she is missed. Marge was "family" along with Kevin - a feeling many no longer get with their dentists nowadays. Old School. That she was and we loved her for it.

I first wondered yesterday if she was ok when I did not hear from her as she would call after the Pandemic on the off days to let me know they had my message and we would catch up. I discovered her passing this morning when Kevin called and am very saddened but I know she is with family again. God Bless. You'll be remembered always Marge.

“ I have known Marge since I was 19 and I am in my late 70's. We were sister in laws. I will miss her more than you know. Just know she leaves those who loved her all the wonderful memories as a gift to us.. Love you Bryan.

“ While I personally did not know Mrs. Cochran, I do know her son Bryan. Bryan is a living testament to how wonderful she was as a mother. Without Mrs. Cochran, we would have never had the opportunity to have Bryan part of our KATV family in Little Rock. While Bryan was not living in Columbus, he was always there in spirit and talked with her frequently. From the entire staff and me at KATV, we have the entire Cochran family in our thoughts and prayers.
