“ *I am Tyler Tredway, Cherry's son and Mark's nephew. Because of physical distance, I did not see Mark very often growing up. So, I came to know him primarily through the family stories and updates. I can remember knowing that Mark had a natural affinity for the mechanical. I thought it was "cool" that I had an uncle who built towers. Later on, I came to understand that he made a business out of this and a very successful one at that. I'm so glad that I could see Mark (along with my mom) this past December. Even though he was showing the effects of the cancer, I could see his inner strength and stability that enabled him to be a successful business man. While visiting with him, it was apparent to me how much he loved Jean, Kurt, Rob, Cherry, and his friends. We are praying for all Mark's family and friends in Ohio and Oklahoma who are adjusting to his absence.*

*Very beautiful and kind words Tyler. Thank you. Both Mark and I enjoyed your visit. Thanks for making it possible for his sister to visit also. It meant so much.*

“ I am Cherry Pyron Tredway, Mark's sister. Mark was dear to me even though the distance between Oklahoma City and Columbus kept us from seeing one another except infrequently. We had many phone visits to share family news and stay in touch.

I always was in awe of Mark's talent and innate ability to do anything mechanical. Our mother liked to tell the story about Mark when he was only two years old. She took Mark and me with her to visit a good friend. After visiting awhile she realized Mark was not around. She and her friend went to find him in her big Victorian house. He had found a screwdriver and had used it to unscrew door knobs and take them off!!

He was so proud of himself and was smiling up at them!! They were so amazed that mother did not have the heart to punish him!

Mark had a very strong work ethic. Early in his teen years he found jobs and always made his own spending money. He was a self-made man and began his business alone after being trained for it by our uncle. He worked tirelessly to make it successful.

Mark was a reticent man, and you had to get to know him to fully appreciate him and all his many good qualities. He was kind, gentle, trustworthy, and generous. I will miss him very much.

Dear brother, may the love, mercy and grace of the Heavenly Father attend your soul.

Your loving sister, Cherry

“ *Mark was a true friend. He has been a positive part of my life for over 40 years. He was always willing to make time to give me a helping hand even before he was asked. You could bank on his word as a promise. I could not have found a better person to be part of my life than Mark. He never complained and looked at the bright side of everything even in the most dismal times. I will surely miss him.*

“ *Mark was my big brother who I always looked up to because he could do so many things and make it look easy. I will miss him every day and hope soon that my tears will be replaced by smiles of happy memories. Rest In Peace Mark. I love you.*

Mark had a 15 month courageous battle with a cancer that was unrelenting. Mark was optimistic yet accepting throughout his battle. He was remarkable in that he never once complained. I called him the "patient" patient. He was always...gracious. I will truly miss him. I pray God bless him and shine His light upon him. He is now free of his suffering and I pray for his eternal peace.

“ *Andy and I will always fondly remember the many sporting events Mark came to with Jean to watch her grandkids play. He was always there no matter the weather or long tournament hours to support the kids. May he rest in peace now and continue to watch the games from a front row seat in heaven. We will miss him. Our condolences to his family. Our thoughts and prayers are with you.*
