“ *Please accept my deepest sympathy for your loss. Norma and Paul lived next door to my parents and I for many years in Waukesha. Joan and I became good friends, and went from 7th grade to graduate high school together. I believe the family moved into the home on Irving Place when Mark was about 2. I have many happy memories of Mark riding his little tricycle around the back yard and playing on the swing set. He was always such a happy little boy. And so stinkin' cute! It seems like just yesterday. I can see that he grew up to have a beautiful family. I have been absolutely heartsick since I heard he had passed. My prayers and love are with all of you. I know he is now with his loving Mom, in the arms of the Lord. God Bless you all.*

“ *I loved working with Mark. We worked together on the initial release of SciFinder in the early 90s and he was funny and I think always amused with my hyper approach to work. We continued to work together off and on - he was a kind person and I always appreciated his outlook and most of all the respect he gave to everyone. We will miss his positivity and humor.*
