“ *I had the privilege of training Jackie when she started working at OhioHealth. I knew from the first day I met her that there was something so unique and special about her. She was a gentle, calming soul in a place of chaos. She reminded me, and I told her often, of my own mother who I lost in October of 2005 to the same type of brain cancer. I am forever blessed to have known Jackie and ever so thankful to have had the opportunity to share with her. The world would be a better place if everyone lived the way that Jackie did. She will be missed everyday. My deepest sympathy to Jackie's family - especially her sweet children, whom she always talked about with the utmost love and pride. Cancer can take away many things, but it can't take away our memories. Lifting all of you up in love and prayer during this most difficult time.*

“ Our deepest sympathy to Jackie's family. I had the privilege of working with Jackie for the past several years. Jackie was such a wonderful friend and co-worker and will be so deeply missed. Jackie was one of the most caring and thoughtful people I have ever met. No matter the situation, Jackie could always find the bright side and make people smile. Jackie also loved to tell us about her three beautiful and talented children - she was so proud of each and everyone one of you!! I am thankful that I got to know Jackie and was able to call her my friend. Jackie will forever be in my heart! Jan

“ Our condolences to Jackie's family. As you know, she was like family to all of us in the Legal Office at OhioHealth. My wife Louise also remembers all the fun conversations she had with Jackie at our work social events.

*I had the pleasure of seeing Jackie almost daily for several years. She had an infectious smile that would right your wrong mood. She was the eternal optimist, seeing the good in everything and everyone. In that regard, she left her positive mark and made us all kinder, gentler people.*

*Death and the memorial services that follow are always difficult on the family. But I hope what you are able to see is the positive impact Jackie left on many people in this world. It will not take away your grief, but hopefully will give you some solace in this difficult time.*

*We will miss Jackie, but we won't forget her.*
