“ Missy was a great person I used to tease her all the time and call her trouble. She will be sadly missed especially going to circle K in the morning and seeing her pretty smile. My thoughts and prayers go out to her family to get through these hard times.

“ I knew Missy from Circle K. She always had a smile ready as soon as I walked in the door. She always asked about my children and how I was every time we spoke. She was so genuinely nice and interested in everyone. She had a special way about her that could brighten anyone's day. I regret not getting to know her better because she was such a bright and loving soul. I know she is sharing her beautiful smile with God.

“ My thoughts & prayers go out to Missy's family. She was such an inspirational person. Not only did we go to school together, but I saw her at Circle K daily. She would ALWAYS put a smile on someones face no matter what kind of day they were having...she had an infectious smile...she will surely be missed! God really needed a special person the day He called her home...God Bless.

“ To Missy's family, We knew Missy from of course circle K. She was a ray of sunshine and so so kind. She never forgot to ask how my daughter was doing in her Festival Queen duties, how she was doing in her 4H projects. Missy was just a wonderful person. You all now have an Angel looking out for you. God must have needed her.... God bless.

“ Throughout the years I would stop into circle K every morning before work and school and talk to Missy she was truly a great person and I considered her a friend. No matter what kind of day I was having she could always put a smile on my face just by seeing the smile on hers. She is truly going to be missed & circle k will never be the same. My thoughts, prayers and condolences go out to her friends & family in this time loss and sorrow. Missy will truly be missed but never forgotten.

“ Although I only knew her from Circle K I felt like I had known her for years. It used to be my morning stop almost everyday for the last few years and we always chatted....throughout my pregnancy last year she knew how sick I always was and was always concerned and would even ask my husband how I was doing. When Mychaela was born I took her in to meet her and she got to hold her. Just things like that made her have such an impact on my life all because of what an amazing woman she was and it saddens me that I only knew her that way but I'm so thankful to have had her in my life! She is truly an angel!!!
