“ *Mickey made wonderful artwork in the Goodwill Art Studio. I am the manager. He was one of the first people I met when I started there in 2005. He told me he had just visited George Washington DC. I loved him from that moment on. He brought so much joy to my days. He was a unique personality who kept me up to date of, " things not to do", always good advice:)*

“ There are not enough words to describe how much Mickey will be missed. I was his nurse at ADD and Goodwill. He brought us so much joy and laughter over the years. He became our "Assistant Office Coordinator" as he loved to help one of his favorite people, Christine, but he called her Christina in the office, and she spoiled him rotten. I love looking at pictures of Mickey with that "baby boy" grin of his, that could always bring a smile and laughter to your face when he would zoom in close squinting his eyes to get your attention. R.I.P Mickey D. Now you, The Beatles, and The Monkees can sing together... we love you!!!
