“ *I met Mike at a turning point in my life, and it is just now I am learning of his passing. Mike had a knack for making people laugh, and seeing the good in sad situations. I just wanted to share with his family that he played a part in the journey I and many others played in our time at the House of Hope, and that he will be deeply missed. My most sincere condolences to his family.*

“ I’m remembering some good times with Mike like when I would visit his house as a kid and we would ride bikes all over his neighborhood. Mike was always a dare devil and liked to have a fun when we would get together. I remember once Mike, Steve and Bill Cunningham, my brother Don and I were all riding around with little to do (yes, it has always been that way in Portsmouth) so we stopped to buy some fireworks (they were legal back then) and spent the rest of the night placing smoke bombs under cars and lighting firecrackers, bottle rockets, M80’s “the big ones”. I had some great times with an unforgettable guy. Mike you will be missed!!!

Its so sad that Annette killed Michael and now the love of my life Gregory Johnston we were together for 15 years and then she killed him too! Now the love of my life is gone forever and I am left here all alone without him.
