“ *Dear Betsy, Charlie & Peter,*

Please know that I and my family extends their love and support to you all. It seems such a short time ago I watched on-line the service for your Father rather than being there myself due to the pandemic restrictions. This morning we watched again and marveled at the high esteem that the community has for both of your parents and their many accomplishments. Like your Dads service your Mothers service was very moving to me.

God Bless you all and to quote your Mom - "Lets see what is around the corner."

“ *Dear Betsy, Peter, Chuck, and families,*

For many years Jim and I met occasionally for Sun. lunch with your mom and dad and Richard and Nancy Weese---(our"bacon brunches"!). What great times! Since your dad died, your mom and I have been in close touch through lunches and 'phone visits, and I will TRULY miss her. You had a WONDERFUL mother and father and I will always remember them with love and admiration. Thank you for sharing your parents with so many of us. Love and sympathy to you all, Jan Linker

“ Dearest family of Nancy Confar, I feel as though I know all of you as she spoke often of her family and I enjoyed her stories, memories. She had great love for each and every one of you. I met Nancy as a member of the King Avenue choir and we became fast friends outside choir too, for which I am eternally grateful!!! I look at this picture of your Nancy and it brings me to tears. She had a sweetness and an outlook on life I always admired. We shared many coffee times together with Nancy Weese, the three of us losing all track of time at Panera about once a month! I sadly miss her and will have a warm place for her in my heart for her always. I've lost a dear loving friend. With deepest sympathy, Judy Pigman.

“ Dearest Confars, I'm Jeff Wells, a second cousin. (Nancy's mother and my father's father were siblings). She was a great lady, so gracious! I feel blessed to have gotten to know her, even if only in the last few years. You all are in my thoughts and prayers, especially Betsy whom I know the best. Wish I knew the rest of you guys too. Knowing my extended family helps me to know myself better. And knowing Nancy (and Len) lefts me to expect more of myself. Grace and peace to you all. Fondly, Jefferson Wells
