“ *I have a vision of a spring meadow full of life. Lambs frolic about the resting lion. My sister, whole and laughing, plays games with the little children. Their loving father/brother/savior plays and cuddles and loves them. Ten thousand angels stand about the perimeter to guard/rejoice/celebrate the precious little ones. And, from time to time, a mother comes, peaceful/content/renewed. She comes to take the little one to be with earthly family gone to rest. All is bright and joyous. And there is Peace.*
