“ I met Pam, Malinda, and Brent at Pandora's in Reynoldsburg in 1969 after getting out of the military. After talking for a while she dubbed me (in that deep voice she made) as "Stevie Rapper". Over the years we had a lot of fun. When Linda and I moved to Cape Coral, Florida Pam and Annette came to stay with us for a few days. One of the favorite things to try was to 'Ride the Wild Dolphin' in our swimming pool. It was a blowup Dolphin that we straddled while jumping into the pool in the hopes of riding it without capsizing. I miss Pam E. so much. - Steven Wollam

“ Pam was always a fun person about 55 years ago Pam and My Aunt Malinda took me to the Ohio State Fair I was 10 wanted to see Bobby Sherman. We had alot of fun that day at the fair Pam and my Aunt ate a footlong hot dog together one at each end I laughed so hard at them. It poured rain that day too we ducked into Wendys and they bought me my first Wendy's hamburger. Pam made it to many of my Mothers Birthday lunches. Rest in peace Pammy. Kathy Gray

“ After Pam finished nurses training, she wanted to go to Key West! She had all the camping equipment and agreed to cook. (what a gourmet treat and it really was economical staying in the state parks). Once there, she made up her mind we were visiting all the establishments. I can't remember, but I think we did! I feel it was a gift having time in her life. Deb Fey

I do not know where to begin. I met Pam when she was a scrub tech at NCHospital. We even worked together at Lifeline Vascular access with Pam as the manager. For several year we had a tradition of going to Shaw's in Lancaster OH the day after thanksgiving. I even sold my Toyota Celica named Baby to Pam. She renamed it the Beckmobile. Of course she introduced me to the wonderful Annette as her roommate. She also introduced me to Dr Karl Bachman. Adam, Stevie the rapper , Malinda, niece Julie and Annette's parents. I will miss Pam who coined the phrase "squirrely". I love Pam and Annette and know they are great Christians and their politics are logical! God bless both of them! 🙏❤️🍷🇺🇸
