“ *Patty, dearest Patty! Always smile on her face, willingness to do anything for others, the best kind of friend (pick up where you left off every time), loving person to everyone not just her own family. Patty had a way of making the person she was talking to feel extra special. You will be missed, my heart is heavy for your family and their loss! You are embedded in our memory books forever! God be with you, Tom and the family, hold you close and fill your hearts with gratitude for the life you have had together. With compassion and care, Linda Karr*

Patty Tyack what a beautiful person. Tom I just learned recently that Patty passed away. I actually started working for a firm and the attorney that I am working for told me about Patty. I am so sorry to hear about her passing. I always thought the world of both of you, and you know in your heart how much I miss you and Patty. Patty always said nice things about me and you as well. I will never forget either of you. You are in my heart, my thoughts and my prayers. Take care, Tom.
