“ *To the Haas family, my deepest sympathy to hear about Dave’s passing. I worked with Dave when I was CFO in Marion and Riverside Methodist back in the seventies and eighties. We also kept in touch occasionally after I moved to Northeast Ohio to another healthcare employer. I remember Dave very well and considered him a great mentor and friend. He taught me a lot about healthcare auditing as we spent many days dealing with difficult issues. His commitment and dedication to serve clients was outstanding as he would gather well trained audit staff to support him in this effort on a timely basis. Many people who worked with him at one time or another have benefited from his leadership as they expended their careers. I live in Tennessee now and will not be able to attend the services. However my thoughts and prayers are with you during this difficult time.*

“ *I had the pleasure of working with Dave for nearly 20 years at the Ohio Hospital Association. Always the gentleman, Dave was wonderful at sharing good counsel and advice.*

“ Dave was a mentor and friend. I still remember when we were on CK Smith's staff and Dave took me to play golf at York one afternoon. CK tried in vain (pre cell phone) to contact us and somehow found out we were playing golf. He never tired of reminding us of this event. Obviously, this is a fond memory to me.

“ Dave was a great mentor and guide. I didn't work with Dave for a long time, only about two years, but I will never forget him. I'll never forget how he would simply pound on the wall between our offices to summon me for a conversation, how he would never be anything but completely straightforward and honest in any situation, and how he stood behind me in a very difficult time when we both knew, perhaps alone, that we were on the right course. God bless you Dave.

“ Dear Carolyn, I just learned of Dave's passing. You have my deepest sympathy for your loss. Dave and I worked together very closely from 1968 until 1974 when I transferred to the National office of Ernst& Ernst. Dave, Ray Gaulke, Don Jensen, Wally McCoy, Gordon Meinhart and I spent many a long day and night together working on our heathcare clients. Dave was a great guy and loved by all the E&E people.
