“ *Mom and I express our deepest sympathies for the loss of Paul. Dad (Frank) and Paul worked together for many years, and I remember fishing trips, outings and just a general unity of friendship among a very close group of controllers. I still have one of Pauls cards which says " Born to Fish,, Forced to Work". I keep that card in His memory and wish for you comfort. dale carpenter*

“ Irene , June & I enjoyed our retiree luncheons and breakfast gatherings at Stan's with Paul over these many years. For myself, a technician , Paul made working the evening and midshifts fun. Except for one midshift when we losted all electrical power to the tower. Paul had his flashlight, that helped. This world could use more people like Paul. Ron & June Evans

“ When we were kids and Paul and his family would come to Columbus to visit, Paul would always want to go to Port Columbus to watch the planes take off and land, and we always did that. We couldn't have known that his career as an adult would eventually be in the tower there helping planes take off and land! Paul was a great cousin and an all around good guy. He always had a joke or a laugh to share and we will all miss him so much. I'm sure heaven is full of great big fish for him to catch.
