“ *I am sorry to hear you mom has passed. So has mine. I am working on Genealogy a little, I think we are related and I was wondering if you can help me get more info. I think Peggys Dad had 3 siblings. John, Rhoda, Clorina and Banner Morgan. Banner was my grandfather who moved to LA. Can you please email me so we can talk. Thank you. Kay*

“ *To all the Cesner family - I just found out about Peggy - I am so sorry for your loss - for everyone's loss actually, she was a special lady. Peggy hired me into my first job at OSU - and I'm still here. I was actually thinking about her this last labor day weekend at St Michael's Festival - that was where I last saw her a few years back. My condolences to all of you.*

“ Charlie, Jeff & Kris - our deepest sympathy to you at the loss of your dear Mom. I will always remember how close she & our Mom were (remember the gate in the fence?)and how Peggy was always there for us after Mom died.I am glad I got to see her in June when Domenic died. You are in our prayers. Love, Mary and Leigh Ashbaugh

“ Kris, Charlie and Jeff: I am so sorry for your loss. As I told you earlier on facebook, Peggy was a major influence in my life and my faith. If not for your family, I might not have been raised with the values I have. Thank God for your mother and father. Your father has been missed for many years and now your mother will be. God bless all of you and your families. Sorry I was unable to attend the funeral home but you have my deepest respects and love. Your Friend Fred

“Peggy was very special to me when I was growing up. She and your father were so much a part of the church and in charge of the MYF. Peggy was junior choir director during the years I was part of the choir. She was part of the group of ladies that made up the "Filippa Delta Phi" group that played cards together. She got my mother involved in the church, school, and community and pulled her out of her depression over turning 30. I thought of her often over the years and always with love. I will miss her in this world.
