“ *I got to know Evalyn while we were members of the Memory Writers Group. From our writings we got to know each other and about our families. She was very proud of her family and enjoyed writing about her experiences. She wanted to leave a written record of her life growing up in Powell, marrying Andy, and raising her children. She never complained about herself even though she was physically challenged, but that didn't seem to slow her down. She believed in God and Country, and tried to instill that belief in everyone she met. She will be greatly missed by family and friends. Prayers for her and family. Love, Lew Stegner*
