

## Raleigh Pettegrew

January 20, 2009

Raleigh K. Pettegrew of Powell, formerly of Granville, died on January 20, 2009 at age 77. Retired Professor of Biology at Denison University, he enjoyed woodworking and was an avid private pilot. He is survived by his wife Barbara; daughter, Hillary of Alexandria, VA; son, Mark and his wife Andrea of Middlebury, CT; grandchildren, Nicholas and Erin of Middlebury; and sister, Kathleen (Paul) Cody, of Indianapolis. The family honors Raleigh's wishes for a private family memorial observance. Those who wish may make donations in Raleigh's memory to HomeReach Hospice of Delaware, 561 West Central Avenue, Delaware OH 43015 or to Mid-Ohio Foodbank, 1625 West Mound Street, Columbus, OH 43223. Condolences may be made to [www.rutherfordfuneralhomes.com](http://www.rutherfordfuneralhomes.com).

“ *Dear Barb, Raleigh as a thoughtful, caring, and courageous colleague, loyal to his friends but willing to take a strong stand against unfairness. He was particularly important in valuing women scientists on their merits rather than whether they fit preconceived stereotypes. I suspect this has to do with lessons he learned at home, and is a tribute to you as well. One of my best memories was Raleigh inviting a couple of ecologist colleagues to fly to Carrollton (!) for lunch. His joy of flying was clear (the only time I would say I thought his head was in the clouds), but he was mystified by our fascination with the landscape below. Nevertheless, he gamely put the plane through all kinds of contortions so we could get the photographs we wanted. My thoughts and prayers are with you all.*

“ Dear Barb, We are so saddened to hear about Raleigh's death. Raleigh was a wonderful colleague and we continued to enjoy brief "catch ups" from time to time since his retirement. You and your family are very much in our thoughts at this difficult time. May your remembrances bring great comfort to each of you. Sam and Bobbi Thios

“ Dear Barbara and Pettegrew Family, I was deeply saddened to learn of Dr.Pettegrew's passing. My thoughts and prayers are with you and your family. Raleigh was one of the professors that really expanded my love for medicine and the human body. In addition to being a great professor he was a great man who always had a good story for you when you came to him for help. He was a positive fixture here at Denison University, He will be missed by the many people he taught. I wish your family well in this time of need, Brian Hertz

“ Dear Barbara, Hilary and Mark, Please accept my condolences. Raleigh was a dear friend and a very loyal colleague. In 1975 I was temporarily denied tenure at Denison, and Raleigh was one of the near-me-friends that helped pull me through those dark days. I will miss him a bunch. Sincerely, Ken Klatt

“ Raleigh was our professor at our naturopathy school in 1993-1994. I was so impressed by his breadth of knowledge in the biological sciences. He also had a great sense of humor and made learning a pleasure. He made a great impact on my life. Please accept my condolences. John McKinley

“ May you find peace and comfort during this difficult time. Raleigh is up there building something out of wood, of fishing for that elusive walleye although I am sure God won't let him run out of gas out on the lake. Take care, we are thinking of you. Joe and Bronwyn
