“ *If there was one person everyone at West High School knew, it was Mr. Graf. Even though his reputation was that he was stern and tough, he showed that he cared about the students. Very sorry for this hard loss.*

“ I owed Mr Graf more than he ever knew. I was so appreciative of him and had the upmost respect. I quit school my senior year because of screwing up. I then joined the Military and was in for 7 1/2 months and got out. I wanted to go back to school and he helped me by coaching me on what to do. He taught me to be persistent and to not give up if I really want it. I wanted it and continued my quest to go back to school...two weeks after school started I was able to get back in thanks to Mr Graf. He taught us what respect was all about and how to earn it. What a saint he was!!! Thank you Mr Graf for my life changing experience!

“ When I think of my 3 years at West High school (71-74) I think of "Mr. Graf." As a student I volunteered in the Attendance office all 3 years and as such, got to know Mr. Graf and I've never forgotten some of his methods for working with students who were less than stellar in their behavior. He was very patient but got his point across to students (and the occasional parent as well I believe!). I remember him phoning a boy once who he knew was home in bed and not sick - he dialed, heard it ringing, laid the phone down, went down to the cafeteria to get a cup of coffee and when he came back he hung up the phone and said to me, "he knows no one but me would call and let the phone ring that many times!" The boy arrived at school shortly after as I recall. My husband and I ran into Mr. G at K-Mart a few years ago and I recognized him immediately! He looked the same! He will no doubt be missed by many and I offer my sincere condolences to the family and friends.
