“ *We want to thank you for mentioning my mom (Jackie Wilcox) in Dick's obituary - she was very touched. And she has told us many times how much you folks have made her feel like a part of your family. Dick was a very special part of my mom's life and he made her very happy during the time they were together. We will always be grateful for the loving ways he treated her and for all of your kindnesses to her.*

*I have known the Roby's since I was 5 years old and they have been a part of my family since Sara starting dating Bill (my brother) and then they got married. Most of my holiday memories involved the Roby's from as far back as I can remember. 44 years. Dick was a gentleman and was part of the era of men and women that is sadly fading away. The kind of generation that a contract was made on a handshake and a person's word was gold. The biggest comfort is he is in a better place now.*
