“ *Uncle Bobby was always focused on family. He took care of two of his brothers and then took care of his sisters, making sure they all had what they needed and more. I remember him watching cartoons with us when we were really young. In later years he was interested in the history of the family and did genealogy research. Along with my Uncle Eugene and Uncle Billy, the three of them also made many trips to old, out-of-state, family grave yards to mow and clean them up regularly. I will always have good memories of him and his dedication to family. R.I.P. Uncle Bobby. I love you.*
