“ *Dear Mitch, We were sad to read about your father passing away. We know he suffered with Parkinson's. God promised there would be no more suffering after we die. I hope that brings you comfort and peace. Even though we did not know your father, my mom and dad always had nice things to say about him. No doubt he will be truly missed. It was interesting to read that he played drums! Our son Sam plays the drums also. Just wanted to send our condolences and let you know we are thinking about you at this difficult time.
