Ephesians 2:8-10

8 For it is by grace you have been saved, through faith—and this is not from yourselves, it is the gift of God— 9 not by works, so that no one can boast. 10 For we are God's handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do.

“ *I am a real estate agent and I met Mr. Johnston after he had finished remodeling a Condo in North Columbus many many years ago. He had a bad fire at the property he was working on and he was worried about over improving the property. When I first walked in to preview it , it was nice but then, I went on downstairs and it was amazing. It sticks out in my mind because the property was built by Bob Webb and I didn't think it was even possible to improve on a property built by Webb!*

Mr. Johnston was a joy to work with and he should of been a builder. He had a real talent. I can honestly say he made that property more desirable than the builder.

I was just searching on this site for a friend's obituary and was very sad to see Mr. Johnston had passed away. My heartfelt prayers go out to his family in this difficult time.

“ I’m so sad to hear about Bob’s passing. I had the honor to work alongside Bob and Beth Whitlaw at Livingston Seed where I helped design seed packets and displays for the company. Bob was always kind, generous, funny and always talked greatly about his grand kids. And who could forget about Log Jam who he would bring in to work with him many times. After the company was sold I thought of Bob often, wondering what his next adventure would be. I will greatly miss him.

“ *Bob and I have been close friends since we met at Lakemore elementary school. We had a lot of fun and great times together. I admired Bob for his faith in God and for his business acumen. In our early 20s he even convinced me that capitalism was the way to go! LOL. Bob, Diane, Julie and Erin always made our family feel extremely welcome when we visited them in Columbus. I know that Bob is having the time of his life in heaven now! I sure will miss you buddy, but we will meet again.*

“ Bob and I go back 40 plus years. We meant back in 1973 and I started working for Bob in 1974. Over our 40 plus years I have to say I have never meant a more creative person in all my life. His mind never stopped coming up with new ideas to make our business prosper and grow. He deeply cared about all his employees and people associated with him personally. I will always appreciate everything he instilled in me through are working year’s together. To his wife Diane and family he will be missed but never forgotten. Thanks for everything Bob. Ken Gunn

“ Bob and I were petty good friends way back then..I spent a lot of time at his house. The BB guns fights we had were great until I on accident shot Rich Cable in the head (He had his hood up) Spent many a night camping out at Rich Cable back yard. Bob taught me how to throw a pitch the correct way (I still use what he taught me today). But when I went in the Army we kinda went are ways until I came back. I still thank his wife Dianne for helping me get a job at Firestone. But, Dianne I know your probably still mad at me for getting Bob pretty drunk one night when we talk him to come on down to his Basement house his family rented out to my former Brother in Law (Sonny Collins) I recall he said he had a ruff time getting up the hill (He kept falling back down..hahaha) I recall calling him up the next night and invited him down..He never show and I we all know why!!! Dianne, My heart goes out to you for the loss of Bob..He was one of a kind...
