“ *To Bobby, Ruch and Family,*

We are very sorry for your loss. Your dad was a wonderful man. A good husband, father and friend. I met Bob when he worked at the gas station with my husband, Paul. He was a great man of many laughs and we cherish all the great times we had with your mom and dad. We know he was deeply loved and will be sadly missed. Just remember we will all see him again and until then remember all your family and friends are here for you. We do know your mom and dad are together again with no pain and awaiting for us to join them. We all love you and may God Bless you now and forever.

*With Love and deepest sympathy,
Debbie and Paul Curnes Sr.*
