“ *I remember Bob wanting to make Phil and I a real milkshake when we came to visit. He had even went to the store to buy Malt to make them. He said that's how a real Milkshake was made. Too many wonderful memories to share. Love to the family.*

“ *I have a lot of great memories of spending time, especially summers and birthdays, with uncle Bob and aunt Diane and family. He was a great role model and I always remember him as being very kind and gentle despite his towering size. I will surely keep him and the Scheib family in my prayers.*

“ My pumpkin was something special. I love and miss you so much. I'm so grateful for 30 years with you. I only had one grandpa and you were the best. You were supportive of me, proud of me, loved me, and were there for me during some hard times. I really appreciate how much you traveled to see me when I moved from Ohio, how you came to my graduations, how much we got to talk on the phone, how distance didn't matter because we FaceTimed once a week every week. I am having a hard time right now because you're not here, but I know how peaceful you went so I'm trying to be strong. You'll always be with me. I love you my big pumpkin. Some of my favorite memories are how you always were the one behind the camera for Christmas and birthdays laughing with your great voice. I remember how excited you would be to set up your German village. How you'd have Tipy the cat on your lap in your big chair. The sound of you chewing on ice. How excited you would be to know what's for dinner and be calling her everyday just as an excuse to talk to her and us. How you held Ripley (your 13th great grand baby) for time. I have 30 years of beautiful memories. Thank you for each one.
