“ I knew Bob from ODOT. Close to a year ago, I saw a man out in our work place parking lot on a late afternoon as our cars were getting covered by snow. As I was cleaning the snow of my car window, I saw that this man was not able to get his car started. That afternoon, I pulled my car over next to his so that he could hook his jumper car cables up to mine. At first, we were not able to get his car started. I then offered him a ride home so he wouldn't be left stranded in ODOT's parking lot. Before leaving, we tried to start Bob's car again. This, we were able to get Bob's car started.

In the following days ahead, we became friends and would occasionally have lunch together. Bob even bought lunch for me as a thank you. In the months ahead, Bob & I would occasionally have lunch. We often enjoyed discussing subjects like Transportation History, Pioneer History, Historic landmarks, Surveying & Politics.

My friendship with Bob was very enjoyable and he will be greatly missed.

I knew Bob for a long time while working at ODOT. I liked to call him B.O.B.B. Bob to distinguish him from all the ordinary Bob's in the building. I liked him a lot and feel sad to know that he has passed. My sincere condolences to your family. Tony Palka
