

Robert R Stein

October 15, 1930 - September 30, 2025

Heaven has gained another angel. On Sept 30th, 2025, Rober Randall Stein of Warren and Columbus OH., passed away peacefully at home, surrounded by family. Bob, as he was affectionately known by friends and family, battled dementia for the past several years and had slowly faded away from this world. Family was everything to Bob and he and Joyce had been married for 38 years. He had four children, Randy Stein of MI, Susan Stein Henry of NV, Robert R Stein II of CA, and Thomas Stein of GA. He was a kind, humble, generous, compassionate, and loving man that would do for or give anything to, anyone in need. He was an incredible husband, father and friend; a true genius, a lifelong student, a voracious reader and historian, and great provider for his family, and the kind of man all men should aspire to be. Bob spent more than a decade in college; he had a couple different degrees and worked at Packard Electric for 38 years. He read a new book every day for decades, and was usually the smartest person in any room, except while at home with his wife Joyce, of course, but you would never know it. He loved playing bridge and doing crossword puzzles; he loved Fenton Glass and was the President of the National Fenton Glass Society for several years. He was involved with Warren City sports, politics, and the school board back in the 70s and 80s, but most of all he loved his years serving as the Burbank Park President and coaching his son's baseball teams. Bob is survived by his wife, Joyce, his four children, numerous grandchildren and great-grandchildren, three stepchildren, and his sister Carolyn McCallum of CT. He lived a very full

life; one of meaning and purpose. He truly made the world around him better for having been here.
