“ The story of Robyn has touched the hearts of many including my Doctor at University of Michigan. We spoke about her yesterday of the wonderful accomplishments she had met and what a shining star she was and how her light will now shine on forever. I can't imagine the loss of such a beautiful daughter, sister, neice, friend, grandchild so my words would mean little, so the only thing I can say is I am sorry. This dreaded disease, Ovarian Cancer is so unfair. My prayers remain with your family, and know that although a lot of people didn't know Robyn, they read her care page and saw that beautiful smiling face. She has touched the lives of many all over the world. My prayers will remain with you...A friend in Michigan...Dawn Snyder Care Page: DawnsPlace

“ Kathy, Although I only had the privelege of meeting Robyn one time, if children are a reflection of their parents as I believe they are, then Robyn was sure to be an outstanding individual with many great qualities. She fought the good fight and can now be at peace. We love you! With heartfelt sorrow and love, Holly, Dave, Andrew and Aidan Dickson
