“ *To Sandy and family our deepest condolences on the loss of your loved one. While it has been many, many years since Rose and I bowled together they are times I look back on fondly. We had many laughs and good conversation when we drove to the bowling alley together. Rose was a very caring person and approached life with a positive attitude - she brought out the best in me for which I will always be grateful. Appreciate all the wonderful memories you have of times you spent with her over her lifetime; let those memories give you strength as you adjust to life without her. My thoughts are with you all - Sheila McClew*
