“ *I can't believe it's been ten years. I'm thinking of Russell and your family. Russell and I only had a short time together during a summer internship, but he was so sweet and kind to me and I really valued our friendship. He made me feel so welcome at a time when I felt very alone. I still can't believe he's gone and I miss him. This is one of my favorite pictures of him, we were making faces for the camera and just goofing off.*

“ Pat, Sandy, Kevin & Bridget- My heartfelt condolences to you and your family. His loss has been felt in the Dublin Scioto family, and we are fortunate that he shared his special skills in computer science, track and cross country with us. I was so thrilled when he was selected as the Huntington Bank intern in their inaugural year with Dublin City Schools and because of his work ethic he paved the way for other high school students to have the same opportunity. I will keep you and your family in my prayers.

“ Bridget and Family, Our sincere condolences to you during this time. We may not have known Russell, but knowing what an amazing woman Bridget is, we can only imagine her brother was just as wonderful. Our thoughts are with you all and we will do anything we can to help Bridget through this when she returns to Chicago.

“ Mr. and Mrs. Lenahan and Family, I cannot imagine the pain you feel from the loss of Russell. He and I had nearly every class and activity together through middle and high school, and I will never forget the infectious laugh and smile he shared every day. There is a big hole left in the Dublin Scioto and UD families, and he will never be forgotten by anyone who had the pleasure of his company. Wishing you much comfort in the immediate and distant futures,

“ Russell was a familiar face to many of us in the Computer Science department at the University of Dayton. He was a motivated and talented student that loved to discuss topics of mutual interest with faculty members as well as his fellow students. He had much to offer, and his loss will be felt by many. My sincere condolences to family and friends.

“ I offer my deepest condolences to the Lenahan family for their loss. I had the pleasure of being Russell's instructor in a couple of my computer science courses at the University of Dayton. Russell was a fine young man. He was a very bright student who pursued two challenging areas of study in his undergraduate degree --- physics and computer science. He was respectful and polite, and an all-around great person to be around. Russell was the type of student faculty love to have in their classes. He was also an active participant in our department through the ACM and colloquium series. He will be missed. You and your family are in my thoughts and prayers.
