“ *Greg and family, We were all very sad to learn about your dad's passing. I had much admiration and respect for him. I'll never forget the time he constructed concrete steps for your Aunt Agnes on a hot summer day. I had never seen a man work that hard. My Mother regrets that she wasn't able to attend the memorial service in Beckley. She has a difficult time getting around these days and the day of the service was particularly bad. I live in Lexington, Kentucky now and also regret that I did not have the opportunity to visit with your family and express my condolences. We made a donation to the American Heart Association in memory of your dad. Our thoughts and prayers are with you. Sincerely, Pat Barbera*

“ When I met Sam, I had already heard about how he gave of himself to his family. I also could see that in the family that I had already met. I heard them laugh out loud many times while talking with each other and how genuine that laughter was. Sam obviously had a huge heart and gave of it freely. I want to give my heart felt prayers to each and every one of his family members. I've felt like a part of this family since I first met them. Thank you so much for making me a part of it. With Love, Tom W. Hunt
