“ Sam Shingledecker is a perfect example of the quality of individuals who choose to live in Worthington, Ohio and to raise their children there. He found ways to make the community better and he joined those who were already residents to support what was already working. When it came to providing opportunities for children to participate in any type of athletic experience, Sam was there. When the schools needed help, Sam was there. I have lived and taught in Worthington for 50 years. I have had the honor of teaching and coaching a number of Sam’s children and others who were empowered by his countless hours of support and knowledge. Yes he will be missed, but the Legacy he has left behind will live forever in the community of Worthington.
