“ *Vickie - We are so very sorry for you & your families loss. Tho we never had the pleasure in meeting your Grandson in person, his memories will continue in those that he touched, walked with, sang to, tattooed, was friends with & those he loved. We will learn more of him thru your postings and look forwards to them. Our hearts break, our tears flow over your loss. May God comfort you & your family during these hard times. Prayers and many hugs XoXoX*
