“ *Wanted to share our condolences to David and their family on this loss. We were shocked to see this in the newspaper and had missed seeing Shelley at zoo meetings. She was always such a help in learning about the gorilla families at the Columbus Zoo. She sure will be missed. Joanne & Ted Huffaker*

“ *Shelley was one of my instructors in my new zoo docent class of 2004. Later she would work with me at Gorillas and help me learn to identify them. We both had a fondness for Jumoke and she would tell me stories to bring me closer to the animals. She touched my heart and helped to make me a better person and zoo volunteer. David, I'm so very sorry for your loss. Your zoo family will miss Shelley dearly.*

“ Oh what a shock this is. While it's been years since I had heard from Dave or Shelly I ofent remember fondly of the many Fun times we shared during the Thurber days.
Dave I'm thinking of you at this time of your loss.
