“ *Stacey, It's hard to believe that it's been a year and 3 months since you've been gone. Since you've passed away I've been thinking back to when the 4 of us girls were little. All the birthdays and holidays. I wish I had seen you one more time. I'll always miss you and dad very much. We all love you.*

“ Stacey, I can't believe that it has already been one month since you have left us. I still miss you very much. I still even cry for you, but they are not tears of joy. I guess that I am selfish and I want you back here with us but you and I know that is not going to happen. I will still continue to visit you often and today I will bring you flowers. I love you, I love you, I love you, I love you....

“ Stacey- The fact that you're gone just doesn't seem possible. I'm so sorry we lost touch over the years. Losing touch, however, doesn't mean I loved you any less. And I certainly have never and will never forget the great times we had growing up together in the same household. That is also the great thing about family. It doesn't matter the time that passes between visits. Family will be there for you no matter what. That is definitely something we can say about you. You had such an amazing heart that you were there for anyone that needed you, whether that was family, friends, or animals (I know you loved your cats). You will be truly missed. We will all see you again in our next life. Love always, Tonia
